§ 640.101 Purpose.

The purpose of this part is to provide instructions for preparation and acceptance of State certification proposals to accomplish the policies and objectives of title 23, U.S.C., using State laws, regulations, directives, and standards. Also covered are procedures for administering projects under certification acceptance and evaluating State performance.

§ 640.103 Definitions.

Unless otherwise specified in this part, the definitions in 23 U.S.C. 101(a) are applicable to this part. As used in this part:

Certification acceptance (CA) means the alternative procedure authorized by 23 U.S.C. 117(a) for administering Federal-aid highway projects not on the Interstate System.

State certification means a written statement prepared by a State highway/transportation agency setting forth the laws, regulations, directives, and standards it will use, or cause to be used, in the administration of certain highway projects.

State highway/transportation agency has the same meaning as that given for *State highway department* in 23 U.S.C. 101.

§ 640.105 Effect of certification acceptance.

(a) Acceptance of a State certification permits a State to discharge certain responsibilities otherwise assigned to the Secretary under title 23, U.S.C., for Federal-aid highway projects. A State may permit performance and project certification by capable local governments.

(b) Acceptance of a State certification does not constitute a commitment or obligation of Federal funds.

(c) Acceptance of a State certification does not preclude FHWA access

to and review of a Federal-aid project at any time.

(d) Certification acceptance as an alternative procedure does not replace the fundamental provisions of law in title 23, U.S.C., with respect to the basic structure of the Federal-aid highway program. Acceptance of a CA proposal does not preclude application of any provision of title 23, U.S.C., that may be advantageous to the State.

(e) Nothing in this part shall affect or discharge any responsibility or obligation of the FHWA under any Federal law other than title 23, U.S.C.

§ 640.107 Coverage.

(a) Certification acceptance may apply to Federal-aid highway projects except projects on the Interstate System. If other FHWA regulations and title 23, U.S.C., allow, projects not on a Federal-aid highway may be administered under the provisions of an accepted State certification.

(b) The CA procedure shall not apply to transportation planning and research (23 U.S.C. 134, 135, and 307), highway safety (chapter 4, title 23, U.S.C.), or those public transportation projects not administered by FHWA under title 23, U.S.C.

(c) A State certification may provide for either full or partial coverage of the Federal-aid highway projects, programs, phases of work, and classes of projects.

§ 640.109 Requirements for certification acceptance.

(a) Acceptance of either a full or partial coverage State certification as described in § 640.107(c) will be based upon:

(1) A State request and identification of the State laws, regulations, directives, and standards that either separately or collectively will accomplish the policies and objectives contained in or issued pursuant to title 23, U.S.C., and

(2) An FHWA finding that the State highway/transportation agency has the capability to carry out project responsibilities in accordance with such State requirements. The FHWA finding will be based on previous process reviews and evaluations conducted as part of
